

*In Appreciation*  
*School Tours of America*

September 8, 2009

As Mayor of the District of Columbia, it is my distinct pleasure to express sincere appreciation to School Tours of America for providing the youth of this country a life-changing educational and cultural opportunity.

Your organization is a successful example that a child's complete education often goes beyond the walls of the classroom. Your programs inspire hope as you have brought kids from all economic backgrounds and all regions of the country to their nation's capital to teach them first-hand the power of their American citizenship. By providing these experiences to thousands of American youth, School Tours of America has demonstrated the outstanding qualities of a patriotic American business with a vital educational mission.

On behalf of the residents of the District of Columbia, I offer my best wishes for continued success.
